Case No.: 2:17-cv-01559-APG-BNW

Order

10 This case has been stayed for years while the parties pursued proceedings before the
11 United States Patent Trial and Appeal Board and related appeals. Rather than require the parties
12 to continually file status reports, a more prudent move would be to administratively close this
13 case without prejudice to any party moving to reopen it should circumstances change. If the
14 parties agree to administrative closure of the case, they can file a stipulation to that effect. If
15 they do not agree, then they will file a status report setting out their respective positions.

16 I THEREFORE ORDER that by February 24, 2023, the parties must show cause why this
17 action should not be administratively closed without prejudice to any party moving to reopen it
18 should circumstances change. The parties may file either a stipulation to administratively close
19 this case or a status report setting forth their respective positions regarding administrative
20 closure.

21 DATED this 30th day of January, 2023.
